“Our Rates & Service Charges” explains current terms, rates and service charges applicable to the share savings, share draft checking and share certificate accounts we offer. We may offer other rates and require other service charges or amend the rates and service charges, as explained in this disclosure, from time to time. Each owner on an account agrees to the terms described in this disclosure and acknowledges that it is a part of the Member Service Agreement (MSA).

Business Share Draft Checking						Monthly	Monthly
Business Share	0.05%	0.050%				Monthly	Monthly
Business POS	0.10%	0.100%					

Explanation of Rates & Service Charges

As explained in the MSA, Our Rates & Service Charges disclosure applies to all the accounts we offer. Except as specifically described, the following terms apply to all of the accounts you have with us.

1. Rate Information

The Dividend Rate and Annual Percentage Yield on the accounts are set forth above. For all accounts except certificates, the Dividend Rate and Annual Percentage Yield may change monthly as determined by the Board of Directors. Money Market accounts are Tiered Rate Accounts. The Dividend Rate for a particular tier will apply to the entire account balance if the account balance is within the balance range for that tier. The Dividend Rates and Annual Percentage Yields are the prospective rates as of the effective date shown above. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period. The Dividend Rate and Annual Percentage Yield identified above are the rates and yields for the last dividend period, as shown above.

3. Compounding and Crediting

Dividends will be compounded and credited as identified above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to an account you have with us. If you terminate the account before accrued dividends are credited, accrued dividends will not be paid.

5. Balance Information

The minimum balance required to open each account and earn the stated Annual Percentage Yield is set forth above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all dividend bearing accounts, dividends are calculated by using the Average Daily Balance method, which applies a periodic rate to the balance in the account each period. The Average Daily Balance is computed by adding together the ending principal balance in the account for each day of the period, and dividing the total by the number of days in the period.

6. Account Limitations

For a Christmas Club account, the entire balance will be paid to you by check or transferred to another account with us on or after October 20 and the account will remain open. For a High Yield Holiday account, the entire balance will be paid by transfer to your Regular Share account on or after November 1st, and the account will remain open. If there are any withdrawals before this date, there will be an Early Withdrawal Penalty of \$25 for each withdrawal. For a Graduation Growth Fund account, the amount may only be withdrawn on May 31 of the year of the student's anticipated graduation date. If the amount is withdrawn before that date, there will be an Early Withdrawal Penalty of \$100. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividends have already been paid, the penalty will be deducted from the principal.

7. Certificate Account Features

a. Account Limitations

After you start the account, you may not make additional deposits to a Certificate Account.

b. Maturity

The Certificate Account you have with us will mature on the maturity date identified on your Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty

We may impose a penalty if you withdraw any of the principal of the Certificate Account before the maturity date.

i. Amount of Penalty. The amount of the early withdrawal penalty depends on the term of the certificate account. The penalty is 30 days dividends calculated on the amount withdrawn for terms up to 6 months, 45 days dividends calculated on the amount withdrawn for terms up to 9 months, 60 days dividends calculated on the amount withdrawn for terms up to 12 months, and 120 days dividends calculated on the amount withdrawn for terms up to 36 months.

ii. How the Penalty Works. The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned at the nominal dividend rate on the account. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividends have already been paid, the penalty will be deducted from the principal.

iii. Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.

d. Renewal Policy

Certificate accounts do not renew automatically at maturity. If you do not renew the certificate account, it will no longer earn dividends after the maturity date.

e. Nontransferable/Nonnegotiable

The account(s) you have with us is/are nontransferable and nonnegotiable. This means that an account and the funds in the account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

Our Service Charges

Membership

Membership Share (par value)	\$ 5.00
Bad Address (per month)	\$ 2.00
Dormant / Inactive (per month, after 12 months with no activity)	\$ 3.00
